Dear Friend,

Thank you for your inquiry about Delphi University. Since 1974, we have been guiding and helping others to discover, develop, use, enhance, and refine their spiritual gifts and abilities. Delphi offers numerous certification, practitioner, therapist, masters, and doctorate programs in Channeling, Complementary and Alternative Healing, Metaphysics, RoHun™ Spiritual Psychotherapy, Spiritual Anatomy and Light Energization™, The Ancient Mysteries, Transpersonal Psychology, and more. Equally important, Delphi is also a unique and magical place of self-improvement, spiritual growth, and personal transformation. Surrounded by a beautiful whitewater river and nestled high in the Blue Ridge Mountains where the three states of Georgia, North Carolina, and Tennessee come together on the map, Delphi is the place for Spiritual and Intuitive Development. At Delphi, the structure and order of ones spiritual awakening and development is clearly understood. Our unique and exceptional staff of instructors has come together with one purpose, to help and guide others who are searching for greater love, greater light, and greater meaning in their lives. All of our classes are experiential, and your stay at Delphi will be filled with love, healing, inspiration, fun, and enlightenment. Delphi is a place where students become teachers, and create a world of harmony, compassion, wisdom, and love.

Delphi's Accelerated Learning and Experiential Training Programs mean you'll be able to earn your Certifications and your Degrees faster and more effectively. The combination of our vast experience, intensive training, and the high spiritual energies here at Delphi allow the serious student to accelerate their learning and their personal growth all at the same time. At Delphi our classes meet three times per day which means a greater focus, concentration, and practical accomplishment. Courses average four to eight days in length, and students typically take one to three courses in succession before returning home to integrate and put into practice what they have learned. Because Delphi University is a private institution, our small class size and experiential training help to insure that students have the opportunity to work closely with the faculty on a one-to-one basis, as they learn to develop and use their spiritual gifts and abilities, their technical and practical skills, and their knowledge of Spirit and Self. Delphi is the place for the career minded student interested in pursuing a Spiritual or Holistic Healing Practice as a Spiritual and Intuitive counselor, a Holistic Healer and Practitioner, a Metaphysician, and/or a RoHun Therapist. Our course offerings are ideal for individuals seeking personal growth and development, for channels and intuitive counselors who guide and assist others, and for professional healers and health care providers who want to improve and enhance their healing techniques and abilities. At Delphi you will not only learn to bring healing to others, you will also experience the healing benefits yourself, in many ways and on many levels.

In the tradition of the ancient mystery schools, Delphi is a Center for Transformation, Renewal, and Higher Order Agendas, a spiritual haven and retreat for anyone who is

searching for the most innovative and effective methodologies in Spiritual and Intuitive development, Transpersonal Psychology, and Metaphysical and Holistic Healing therapies. Delphi knows that beauty and a feeling of relaxed comfort is essential to the soul that is here to create greater light in our world. The University consists of living and teaching facilities, nature paths, a spiritual community, the unique and beautiful Temple of Wisdom complex, the Self Enlightened Association and University of Self Knowledge, Rejuvena Health Spa, and the beauty of nature everywhere. One hundred and eighty acres of heaven on earth, Delphi is located approximately 2 hours north of Atlanta, Georgia, and one and one half hours southeast of Chattanooga, Tennessee.

The development of your own intuitive and spiritual abilities and the desire to help others is a worthy aspiration. At Delphi all of our programs begin with **In-Depth Channeling** from the Arthur Ford Academy. In-Depth Channeling is a prerequisite for all of the school's programs. The ability to channel energy and information is a key ingredient in spiritual and energy based healing. Students are taught how to open up to their spiritual gifts and abilities and how to put them into practice. This workshop trains people from all walks of life to use their channeling abilities and spiritual gifts to help those in need of healing, guidance, and direction. Using the most innovative methods, students are taught skills which allow them to "tune" into a person and receive a continuous, accurate and consistent flow of information, guidance, and inspiration. The 60 hour In-Depth Channeling course consists of study and experiential training in the following areas:

- Initiate Training – The anatomy of consciousness
- Meditation – Development of spiritual vision and inner senses
- Psychic Sensitivity – Clairvoyance, Clairsentience, Clairaudience, Direct Knowing
- Energy Perception– Understanding, recognizing, and perceiving energy
- Human Energy Fields, Subtle Bodies & Chakras
- Complementary and Alternative Healing
- Channeling
- Intuitive Counseling
- Mediumship – Communication with loved ones
- Photograph Reading
- Psychometry
- Automatic Writing
- Past Life Regression
- Spiritual Art
- Sacred Sound

The **first stage of training** begins with increasing intuitive and spiritual sensitivity that teaches you to use your intuitive skills to improve your own life. Preparation for channeling occurs through cleansing and clearing the lower chakras and the opening of the higher chakras. The **second stage** "fine tunes" intuitive and spiritual abilities and introduces you to your spiritual helpers who will channel healing, wisdom, love and information through you to assist yourself and others. The **third stage** teaches you to use your channeling ability in a variety of ways to help yourself and others. Course enrollment is limited in number due to the individual attention necessary with each person.
