Delphi

University and Spiritual Center

An International School of Healing, Esoteric Studies, and Metaphysics

About Us

For over 30 years Delphi has been a Beacon of Light to those in search of greater truth, harmony, and enlightenment. In the tradition of the Ancient Mystery Schools, Delphi is a renowned international school of healing, esoteric studies and metaphysics. Equally important, Delphi is also a spiritual retreat, a unique and magical place of self improvement, spiritual growth and personal transformation. Founded by Patricia Hayes in 1974, Delphi is the place for those seeking to discover, develop, use, enhance, and refine their spiritual gifts and abilities, as well as to grow, transform, and heal themselves. Our unique and exceptional staff of instructors has come together with one purpose, to help and guide others who are searching for greater love, greater light, and greater meaning in their lives. All of our classes are experiential, and your stay at Delphi will be filled with love, healing, inspiration, fun, and enlightenment. Delphi is a place where students become teachers and create a world of harmony, compassion, wisdom, and love.

The School

Delphi is a university of higher learning offering numerous certification courses, and Practitioner, Bachelors, Masters, and Ph.D. degree programs in Channeling, Complementary and Alternative Healing, Esoteric Mystery Teachings, Metaphysics, Transpersonal Psychology, and RoHun™ Spiritual Psychotherapy. At Delphi, the structure and order of ones spiritual awakening and de-

velopment is clearly understood. Delphi's Experiential and Accelerated Learning and Training Programs mean you'll be able to earn your Certifications and Degrees faster and more effectively. The combination of our vast experience and the high spiritual energies that operate here on campus allow the serious student to accelerate their learning and their personal growth all at the same time. At Delphi our classes meet three times per day instead of once a week which means a greater focus, concentration, and practical accomplishment. Because Delphi University is a private institution, its small class size and experiential training helps to ensure that students have the opportunity to work closely with the faculty on a one-to-one basis, as they learn to develop and reliably use their spiritual gifts and abilities.

Delphi is a spiritual haven and retreat for those searching for the most innovative and effective methodologies, and who are seeking to heal themselves, to help others, and/or to begin their own private practice as a Spiritual and Intuitive counselor, a Holistic Healer and Practitioner, a Metaphysician, and/ or a RoHun Therapist.

Five Keys To The Magic Of Delphi

Delphi's Charm

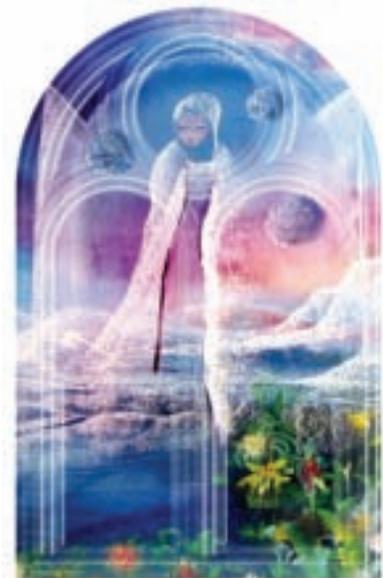

The Heart of Delphi is its charm. Delphi knows that beauty and a feeling of relaxed comfort is essential to the soul that is here to create greater light in our world. From the fresh Rose found beside each bed to the many outdoor decks that support us in our rightful place near the stars, Delphi enfolds each person that comes here in the warmth of its loving light. The Truth of Delphi lies in the mystery of the Spirit. Delphi's charm is everyone's charm. Love never fails. "Delphi feels like my spiritual home that is far away and that I've longed for," and "I feel like I'm finally home", are phrases expressed by many.

Delphi's Purpose

Intention is the seed and the blueprint of the ripened fruit. Delphi, in all its beauty, stands as a Lighthouse that continually calls all of those that are here with a spir-

on the towering oak, hickory, and maple trees; from the symphony of birds and crickets, and the grace and beauty of the multi-colored wild flowers; from the majestic mountains that surround us, to the beautiful butterflies that silently fulfill their purpose, there is an acceptance, admiration and a sense of awe for all things just as they are. The nature of Delphi has its own unique ability to bring healing and to inspire loving values and high priorities.

The Order of Delphi

At Delphi, the structure and order of ones spiritual awakening is clearly understood. Each class and program guides the initiate with gentle strength to the next step, the next awakening, the next ability to emerge. Each class honors every individual for being there, and recognizes that quality not quantity nourishes the brilliance of each spirit and the genius within each mind. Each class group, carefully chosen in number and united by a common purpose, moves each student with accelerated speed and intensity of desire towards greater self awareness. The mystery of the Self is revealed, as are all its loving abilities and skills to help ourselves and others. Every class is a totally unique adventure.

The Shepherd's Staff of Delphi

Each member of the teaching and managerial staff feels a spiritual bond with one another and have come together to bring their unique and special abilities to radiate a greater light in our world. The best in their field, they bring to Delphi the benefits of their many years of experience and practical application in helping others. All are diamonds continually polishing and expanding the many facets of their light, as they help others to do the same.

itual purpose. When they come, Delphi lovingly awakens their spiritual memory and gently guides them to their direction and abilities. Delphi also assists each person in the process of self-healing, so that all can discover and unfold to their true spiritual potential. Delphi's special gift is nourishing, strengthening, and empowering each individual, according to his or her spiritual abilities, with reliable and dependable skills that are able to touch the hearts and minds of the many.

Delphi
A Spiritual Womb
and Retreat
Our Facilities/Sacred Space

In the tradition of the ancient mystery schools, the term Delphi means "Spiritual Womb", the same as the center for wisdom and prophecy in ancient Greece. The contemporary Delphi is located in an energy vortex, surrounded by a beautiful whitewater river, atop rich veins of copper and silver, and nestled high in the Blue Ridge Mountains where the three states of Georgia, North Carolina, and Tennessee come together on the map. Delphi knows that beauty and a feeling of relaxed comfort is essential to the soul that is here to create greater light in our world. The University consists of living and teaching facilities, nature paths, a spiritual community, or-

ganic farm, the unique and beautiful Church of Wisdom complex, the Self Enlightenment Ashram, and the beauty of nature everywhere. Walk amidst tall forests and flowing waters, and experience the Cherokee Healing Passage. Delphi is located approximately 2 hours north of Atlanta, Georgia, one and one half hours

east of Chattanooga, Tennessee, and 21/2 hours south of Asheville, NC. One hundred and eighty acres of heaven on earth, Delphi is the place for the career minded student interested in pursuing a Spiritual or Holistic Healing Practice, for professional health care providers who want to improve and enhance their healing techniques and abilities, or just for those who are interested in personal growth and individual development. At Delphi you will not only learn to bring healing to others, you will also experience the healing benefits yourself, in many ways and on many levels.

The Church of Wisdom & The Self Enlightenment Ashram

One of the most unique features of Delphi is The Church of Wisdom complex – Temple of Wisdom, Temple of Light, Temple of Healing, Temple of the People,

and the Self Enlightenment Ashram, The Church is both non-traditional and nondenominational. We embrace all of God's truths, and the many ways He has revealed and expressed Himself throughout the ages. From the awe-inspiring dome to its Sacred Geometric design, from the stained glass, crystals, arts and treasures that adorn this place to the seven foot original oil portrait of the Cosmic Christ, and the Buddhist, Christian, Egyptian, Greek, Hebrew, and Sanskrit representations of the Divine, the Temple of Wisdom is place of beauty, love, harmony, and healing, where God's uniqueness and Oneness is in evidence, and where God's love is felt.

Delphi's Mission and Vision

Since its early beginnings as the Arthur Ford Academy in 1964, and its subsequent evolution as Delphi University, Delphi's purpose has always been the same: to provide a school of higher learning, a university of the spirit, where the serious seeker can discover and explore their true spiritual nature, and their purpose for being. Our mission has been to teach our students how to develop their spiritual gifts and abilities, and to use them wisely and in love to bring healing to themselves and others. And our service has been to guide and assist others on the path of Self Enlightenment. Since that time our role has remained unchanged. Our teachings come from Spirit, who has guided the development and growth of Delphi throughout our forty year history. It is our hope that you will join us in our great purpose and in this wonderful spiritual adventure.
